

Website Name: MentorHub

Purpose:

MentorHub is an online platform designed to connect girls from classes 1 to 12 with experienced mentors. It aims to reduce female school dropout rates in India by providing guidance, educational support, and career advice through a personalized mentorship experience.

Target Audience:

- Female students (Class 1–12)
- Mentors (academicians, professionals, volunteers)
- Educators and NGOs

Key Features:

1. Mentor Search:

- Students can browse mentors based on subject.

2. Profile Management:

- Students can create and manage profiles with personal details, photos, and areas of interest.

3. Secure Signup/Login:

- Includes email/password login with JWT-based authentication.
- Optional identity photo upload for mentors.

4. Dashboard:

- Personalized home dashboard after login.
- Shows recommended mentors or students based on profile data.

5. Mentor Cards:

- Feature mentor profiles in a card format with images, ratings, and “Connect” buttons.

6. Connect Modal:

- Students can request to connect with a mentor via a modal popup form.

7. Educational Resources:

- Library of categorized learning materials for different subjects and grades.

8. FAQ Section:

- Answers common questions about using the platform.

9. Real-time Features (Future Scope):

- Planned chat or video interaction for better communication.
- Calendar integration for session scheduling.

Technology Stack:

- Frontend: React with Tailwind CSS
- Backend: Node.js with Express
- Database: MongoDB
- Hosting: Cloud-based deployment (planned for scalability)

Security:

- JWT-based authentication
- Plans to implement encryption and two-factor authentication

Vision:

To create a scalable, data-driven platform that empowers girls to continue their education by providing mentorship, academic resources, and community support.

Future Improvements:

- Real-time chat/video
- Advanced mentor filters
- Mobile optimization
- Detailed analytics for performance tracking

Sample Q&A:

Q: How can I find a mentor?

A: Go to the mentor listing page, use filters like subject or availability, and click "Connect" on a mentor's card.

Q: What is MentorHub?

A: MentorHub is a platform that connects school girls with mentors to support their academic and career development.

Q: Who can become a mentor?

A: Academicians, professionals, and volunteers with relevant experience and a passion for mentorship can sign up as mentors.

Q: What happens after I send a connection request to a mentor?

A: The mentor will receive a mail and can approve or schedule a session based on their availability.

Q: Is my data safe on MentorHub?

A: Yes, we use JWT for secure login and are planning to add two-factor authentication and encryption for enhanced security.
